SOCIETY

As a courtesy to Miss Marie Mayar, who lectured at the First Presbyterian church Friday evening on the Passion play, Mrs. A. A. Hickox, 741 W. Washington av., entertained with a 1 o'clock luncheon Friday. Covers were placed for 12. Among the guests were Mrs. J. B. Birdsell, Mrs. W. Temple, Mrs. B. Lorenz of Mishawaka, Mrs. B. Wilcox, Dr. and Mrs. C. A. Lippincott, Mr. and Mrs. George W. Whitner, Mrs. J. D. Oliver and Mrs. Patrick O'Brien. Friday evening Mrs. Birdsell entertained Miss Mayar at a 6 o'clock dinner at the Oliver hotel. Covers were laid for four guests. Today Mrs. George M. Whitner is showing Miss Mayar around the city and at 2 o'clock she will leave for Chicago where she will lecture Sunday.

Mr. and Mrs. Charles Nolson, W. Jefferson blvd., will leave this evening for Detroit where they will attend the wedding of Mrs. Nolson's sister, Mrs. Bertha Kern, on Tuesday afternoon at 4 o'clock to Dr. George A. Drescher. The ceremony will be performed at the home of the bride, 249 1-2 Bethune st. Miss Kern was formerly of this city.

Measures of vital importance before congress today and the general workings of the house were taken into consideration by Mrs. Anthony French Merrill of Chicago, who spoke Friday before her Lenten lecture class at the Oliver hotel. Her topics for the afternoon were "Issues Before Congress—Magazines, Newspapers," the fifth of the series of talks.

Questions before congress, explained Mrs. Merrill, are too entirely in the hands of committees. The house is made up of some 75 committees and divided into two classes, a nominal and a working committee, she said, and everything is referred to the chairman, who is appointed by prestige. She pointed out these as only a few of the many "curious" workings of the house of congress.

"Preparedness is a spectacular issue," said Mrs. Merrill, "and is an excellent illustration of the committee workings on questions of national concern. Some 12 committees have been named, and a question that should be settled now will take months for them to take action on the whole, another proof that the legislation is retarded."

Woman's suffrage and prohibition, two other bills that have been discussed, have been thrown into such a state of affairs that nothing can be done until after the election, she said. "Just where they wanted them," said the speaker.

Publicists, she said, had been writing articles brining up some of the other workings that have been buried in the same way.

"Magazines," said Mrs. Merrill, "have decidedly changed within the past few years and with the increasing popularity of civic and public affairs there is a very noticeable decline in the magazines devoted entirely to literary articles. There is less fiction, too, in the magazines of high standards, as they are giving greater space to discussing current events."

Mrs. Merrill said our newspapers are the most important part of our lives, but not enough real interest is taken in the influence back of the paper. "We should have a good clear grasp of the business," she said, "and certain allowances should be made in regard to accepting national questions and not permitting ourselves to be led too far to one side of the question or the other. It could be better," she said, "to take

two papers of different views." The last of the season's lectures will be given next Tuesday morning at 11 o'clock, when Mrs. Merrill will discuss the "New Plays" and give a reading of one of them.

"The most unique and novel formal dinner-dance ever given," is the slogan of the Day Students' association of Notre Dame university for their last social affair of the season, which is to be given on Easter Monday evening, April 12, at the Oliver hotel. This is a departure from the ordinary run of dances given by the students of the university and will undoubtedly top all the other social events for this scholastic year.

The preliminary arrangements have been completed by the committee in charge and the ticket sale nearly completed. Owing to the crowded conditions in the past at the Day Students' dances, only 500 cards will be offered for sale at this dance. It is the plan to supply all Day Students who wish to attend and then extend the sale to resident students and friends of the members of the association in South Bend.

Edward N. Marcus, president of the association, has appointed the following committee to make all the necessary arrangements for the dance: Russell H. Downey, chairman; Wilmer O. Finch, Frank Welsh, Vernon R. Helmen, Thomas W. Conway and Walter L. Clements.

Miss Esther Anderson, a representative of the national board of the Young Women's Christian association at New York, spoke before members of the religious work committee of the local Y. W. C. A. Friday afternoon at the association building. Miss Anderson, who has for the past seven years been general secretary of the Y. W. C. A. in Australia, has traveled over the country with a view to creating interest in foreign missions.

In the evening Miss Anderson was present at a dinner at the Y. W. C. A. to which contributors of the foreign fund were invited. Miss Anderson gave an informal talk on work of associations in South America and other places out of the United States. Miss Anderson will spend today in South Bend and will leave this evening for Port Wayne, where she will appear at the Young Women's Christian association there.

The Frances Willard W. C. T. U. met with Mrs. E. C. Ralbach, 821 S. Fellows st., for the regular monthly meeting Friday. Mrs. Frank Jefferies conducted the devotional exercises and also gave a paper on "Sabbath Observance." The meeting was opened by Mrs. Wesley Miller and Mrs. Henry Kale, and Mrs. Minnie Pickens, in charge of the program, gave a paper on "White Ribbon." "A Call for Peace" was the topic of a paper given by Mrs. Timothy Shanafelt. A pleasing musical program was given by Mrs. W. Albright on the violin. Mrs. Shanafelt and Miss Cleo Davis gave vocal solos. The hostess was assisted by Mrs. George Davis in serving refreshments during the social afternoon. Members of the union will meet with Mrs. Jefferies, S. Fellows st., May 12.

Members of the civics and philanthropy department of the Progress club held their last business meeting of the year Friday afternoon. In the annual election of officers Mrs. Charles Davey was chosen chairman; Mrs. W. M. Weld, vice-chairman; Mrs. Nettie Young, secretary; Mrs. E. Jay Smith, treasurer. "The Effects of Present Day Amusements on Standards of Taste" was the general topic for the afternoon. Mrs. Donald MacGregor had the subject of "Camp Playings." Mrs. J. C. Neidhardt discussed "Present Day Dancing." Mrs. Ryell T. Miller gave a talk on "Music," and Mrs. Charles Weller gave a paper on "Band Concerts." The next meeting of the department will be a May party for the children with Mrs. Alma O. Ware in charge. The date is to be decided later.

The Women's Missionary society of the First Presbyterian church was entertained in the parlors of the church Friday. Mrs. C. H. Myers had charge of the devotional service and members of the society contributed "Easter Thoughts." Interesting talks on "The Physical and Political History of Egypt," by Mrs. F. M. Hatch, and "Work of American Missions in Egypt," by Mrs. E. S. Sayre, were given. A report of the synodical meeting at Bourbon last week was given by Mrs. E. D. Harris. A social hour with refreshments was enjoyed. The society will meet at the church May 12.

The Advance circle was entertained last Friday afternoon by Mrs. Edward E. Vost, 1055 Portage av. Contests featured the afternoon, after which a buffet luncheon was served in the dining room. The rooms were prettily arranged with suggestions of Easter. In two weeks members of the club will be guests of Mrs. A. J. Curry, 828 Lincoln way E.

The Mayflower club was entertained by Mrs. B. F. Tusling, 905 Allen st., yesterday afternoon. The guests filled three tables at cards and Mrs. E. E. Culver, Mrs. Joseph R. Col and Mrs. G. F. Haslam received the honors. A luncheon of two courses was served from the tables late in afternoon. The club will have its next meeting April 28, at the home of Mrs. W. B. Shaffer, 220 E. Calvert st.

Refreshments were served. Members of the aid will have their next meeting May 11 at the home of Mrs. A. Frank Eby, 514 W. Lasalle av.

The time was devoted to needlework and socially with light refreshments served by the hostesses. The circle will have another meeting April 28.

TO GIVE ADDRESS ON "EFFICIENCY"

R. E. Palmer Will Speak Before Membership Meeting at C. of C.

R. E. Palmer, one of the staff instructors of the Emerson institute, has been secured to address the membership meeting to be held at the Chamber of Commerce Monday evening. Mr. Palmer's speech will be "Efficiency: Its Place and Value in Business." Mr. Palmer recently addressed the members of the Indianapolis real estate dealers and the Indianapolis papers commented most favorably on his address. It is his opinion that only one man in 10,000 is really efficient and knows the best, easiest and quickest way of doing things. He believes that this knowledge can be gained through the science of efficiency, and that practical principles can be successfully applied to all lines of industry.

Commenting upon the ability of Mr. Palmer as a speaker, Ralph W. Douglas of the Indianapolis chamber of commerce states that while that organization has been addressed by many orators, they have listened to but few men whose talk was as compelling as that of Mr. Palmer. He talks in a plain, straightforward manner and has a message full of practical ideas which business men will want to hear.

Another speaker for the evening will be Samuel W. Parker of this city, who will talk on "A Trip to the Gettysburg Battlefield." Mr. Parker's prominent connection with the St. Joseph County Bar association, his unusual ability as a public speaker and with the most interesting material he has recently secured, enables him to deliver an address that will be thoroughly interesting, instructive and entertaining.

Reports will be given by the chairmen of all the committees of the Chamber, relating in detail what has been accomplished during the past month, and members will be called upon for suggestions concerning the work proposed or that is now under way.

The monthly membership meeting at the Chamber of Commerce have proven highly valuable and great interest has been shown in this part of the work. The meeting Monday night promises to be one of the most enjoyable yet held and several interesting features have been prepared aside from the addresses. A light luncheon will be served and the meeting will be called to order at 7:30 p. m.

Chickens went up a few cents in price on the city market Saturday morning. Springers are selling at 23 cents, one cent more than they have been all winter and old chickens are 18 cents, a two-cent increase in price. Saturday brought out the largest crowd of the winter, both the number of buyers and dealers being larger. There were 30 dealers on the market.

The present arrangement of having one market day a week, Saturday, will continue until about July 1, according to B. B. Miller, market master.

"I had two drinks with a friend and then I went to the Y. M. C. A. where I got it." This was the plea of Joseph Putz to City Judge Herbert D. Warner when arraigned in city court Saturday morning in the city court.

Asked what he meant by "where I got it," the defendant told the court that the two drinks must have been too much.

Judge Warner entered a plea of not guilty and the case was continued until Tuesday.

SELECT NEW MEN FOR CITY'S WORK

Board of Safety Conducts Night Session to Complete Its Labors.

A short but fully occupied meeting of the board of safety was held Friday evening at the city hall, when business left over from the morning session was completed. Two appointments resulted from the session, which preceded the meeting of Mayor Fred W. Keller with his official family.

Hans Brandt, 533 S. Carlisle st., was appointed to the police force to succeed August Isaacson, who was retired by the board owing to his serious illness. Isaacson has been with the police department as mechanic for the motor division for nearly five years. In retiring him, a tribute was paid for his work for the city. As mechanic for the department, Isaacson is said to have saved the city a great deal of money through understanding the machinery with which he was working.

Brandt was recently given his honorable discharge from the United States navy. He was a member of the marine corps, and returned to South Bend from a long period of active service shortly after Feb. 29, 1916. The discipline of navy training is still to be noted in his salute and accurate orders. He takes up his official duties April 15.

Following the appointment of Earl Havens as assistant city electrician last week, the appointment of Edward J. Bridge, 420 Lamont ter., was announced by the board of safety Friday night to succeed him as lineman in the electrical department.

Schuyler Lanzo, 2222 S. Main st., was appointed Friday morning at a meeting of the board of safety to succeed Harry Johnson to the fire department. Chief Sibrel has not as yet announced what company Lanzo will join, when he takes up his duties Monday morning. Johnson resigned two weeks ago from the Central truck to accept a traveling position out of Chicago.

Another matter of business before the board was a petition from 92 manufacturers and residents of the south side, who ask a motor fire truck for hose company No. 2 to succeed the horse drawn vehicle. It is claimed by the manufacturers that with the great value of factories in the vicinity of the company, the best apparatus obtainable should be maintained there. No. 2 company is located on Sample st. near the Studebaker Manufacturing Co.

MINERS GAIN HIGHER WAGES

Increase of Three and Half Million Annually Secured Through Agreement.

PHILADELPHIA, April 15.—Granting increases in wages which is estimated will total three and a half million dollars a year, the check-off clause for both miners and laborers and other concessions the bituminous coal operators of the central Pennsylvania district here late Friday night signed a new agreement with the officials of district number 2 of the United Mine Workers of America. The new scale takes the place of the agreement which expired March 31, and under which the men have since been working. It was reached after conferences lasting nearly a month of committees representing both sides. Fifty thousand miners are affected by the new scale which is said to call for the highest wages ever paid in this district.

The new agreement is for two years and provides for the following rates of wages: Pick mining 75 cents a ton gross, net ton the equivalent; machine loading 44.4 cents a ton gross net the equivalent; drivers \$2.77 a day; trappers \$1.25 a day minimum; all day laborers, five per cent increase from \$2.64 to \$2.77 a day; all dead work and yardage five per cent increase.

The operators agreed to the check-off clause for both miners and laborers and for the first time conceded the right of the miners to make special assessments.

It was also agreed by the operators' committee that letters be sent to all operators in the district urging on them the seriousness of the car pushing question and requesting that the complaints of the miners on this matter be rectified in order that it should not be a cause of contention when another agreement has to be drawn up two years hence.

James Percell, president of the United Mine Workers district number 2, and Charles O'Neill, the secretary, expressed their satisfaction at the terms of the new scale.

THINK CLUES MAY SHOW UP

Investigation Expected to Reveal "Higher-Ups" in Bomb Plot Cases.

NEW YORK, April 15.—Clues that will lead to the identity of the men "higher up" who furnished the money for the alleged conspiracy to manufacture and distribute bombs to destroy munitions ships, for which eight men are under arrest are expected by the federal authorities to be revealed through the examination of the bank accounts of Dr. Walter T. Scheele, who is now being sought. A national bank examiner will come here from Washington, Assistant United States District Attorney Roger B. Wood said tonight, to investigate six accounts opened by Dr. Scheele in banks in Hoboken, N. J.

"If anybody handled the big sums, it was Scheele, and we hope to be able to find where he got it," Mr. Wood said. Scheele was the head of the New Jersey Agriculture and Chemical Co. at Hoboken, where it is alleged the explosive materials were placed in the bombs after they had been constructed aboard the North German Lloyd liner Friedrich Der Grosse, interned at Hoboken. He disappeared from his apartments here on April 1. The authorities also were interested in locating his secretary, Miss Ruth Foss, whom they wish to examine.

Additional developments in the investigation of the alleged conspiracy are expected also from Savannah, New Orleans and other coast cities, as the result of an examination of Dr. Scheele's effects. Federal authorities in these cities were today directed to begin investigations based on information already at hand that the destruction of ships also had been attempted in their jurisdiction.

All except three of the eight men under arrest have made confessions, Mr. Wood said. Capt. Otto Wolpert, superintendent of the Atlas piers of the Hamburg-American line, accused of receiving the completed bombs; Capt. Enno Bode, superintendent of the Hamburg-American line piers at Hoboken both of whom were arrested Wednesday and Carl Schmidt, chief engineer of the interned German liner Friedrich Der Grosse, arrested yesterday, have refused to make any statements to the federal authorities.

The silence of these three men," Mr. Wood said, "indicates they are probably the most important prisoners of the eight we have arrested."
